e-library

for members & students

E-library or Digital Library provides collaborative search of all type of e-resources/on-line resources such as e-journals, e-books, e-database available with collaboration, personalization and social features to experience higher research productivity and gain valuable insights. E-Library is a special library with a focused collection of digital objects that can include text, visual material, audio material, video material, stored as electronic media formats along with means for organizing, storing, and retrieving the files and media contained in the collection. These libraries can vary immensely in size and scope, and can be maintained by individuals organizations, or affiliated with established physical library buildings or institutions, or with academic institutions. It's an electronic or online library where one can have access to books, journals, novels, articles, or any other information over net. Well-designed digital library software has the potential to enable non-specialist people to conceive, assemble, build, and disseminate new information collections. This has great social impact because it democratizes the dissemination of information. In particular, it will revolutionize the way in which education is conducted and educational materials are prepared.
