

Description

The Management Accountant (ISSN 0972-3528), the **pioneering journal for professionals** is being published by the Institute of Cost Accountants of India (Statutory Body under an Act of Parliament) since 1966. It contains thought provoking articles from leading professionals in the Corporate World and Academicians, gist of latest news of the Institute, economy updates and theme topic on current issues. The wide circulation and inputs from academicians, researchers and industry stalwarts are the keys to the success of this journal.

Members in employment hold key positions in various organizations and those in practice give valuable professional support to their clients through our Journal. Members of the Institute, Professionals, Corporate, Chartered Accountants, Company Secretaries, Professors, Lecturers and Students of various International Universities and Indian Universities, individuals (Indian and International) are our subscribers.

Management Accountant (The Journal for CMA's) plays a vital role by acting as an interface between the professionals and their organization / clients / institutes. The articles and other items published in The Management Accountant journal have a long shelf life and are very useful for the professionals as well as for the students in the fields of Finance, Management, Costing and Accounting.
